

To the readers of «Physics-Uspekhi».

As you know, «Physics-Uspekhi» (English version of the journal «Uspekhi Fizicheskikh Nauk») has been distributed by Institute of Physics Publishing Limited, Bristol, UK (IOPP). In particular, until and included the issue of April 2022, all issues of «Physics-Uspekhi» are hosted at the IOPP site and are available on subscription basis. By its letter of June 27, 2022, IOPP informed «Physics-Uspekhi» Editorial Board about their decision to suspend the distribution of the journal for indefinite time. In view of this, the Editorial Board decided to publish the May issue of 2022 and subsequent issues of «Physics-Uspekhi» on the site of «Uspekhi Fizicheskikh Nauk» <https://ufn.ru/en/> and possibly other sites in the Open Access mode. Both Russian and English versions of «Uspekhi Fizicheskikh Nauk» – «Physics-Uspekhi» must be available to the international scientific community without any delay!
