

PHYSICS- USPEKHI

English edition of *Uspekhi Fizicheskikh Nauk*
September 2001 Volume 171 Number 9

Contents

Volume 44
Number 9
2001
Pages 871–980

REVIEWS OF TOPICAL PROBLEMS

Large and infinite extra dimensions 871
V A Rubakov

What can be expected from the further study 895
of CP and T symmetry violation and CPT invariance tests
E P Shabalin

Selected problems of supersymmetry phenomenology 919
M I Vysotskiĭ, R B Nevzorov

PHYSICS OF OUR DAYS

Physics beyond the Standard Model: 931
experiments at the Gran Sasso Laboratory
A Bettini

FROM THE CURRENT LITERATURE

Correspondence between supersymmetric Yang–Mills 955
and supergravity theories
É T Akhmedov

FROM THE HISTORY OF PHYSICS

Supersymmetry — 30 years ago 973
E P Likhtman

Physics news on the Internet 980
Yu N Eroshenko

Contents

Large and infinite extra dimensions V A Rubakov	871
What can be expected from the further study of CP and T symmetry violation and CPT invariance tests E P Shabalin	895
Selected problems of supersymmetry phenomenology M I Vysotskiĭ, R B Nevzorov	919
Physics beyond the Standard Model: experiments at the Gran Sasso Laboratory A Bettini	931
Correspondence between supersymmetric Yang–Mills and supergravity theories É T Akhmedov	955
Supersymmetry — 30 years ago E P Likhtman	973
Physics news on the Internet	980
