

# PHYSICS- USPEKHI

English edition of *Uspekhi Fizicheskikh Nauk*  
January 2006 Volume 176 Number 1

## Contents

**Volume 49**  
**Number 1**  
**2006**  
**Pages 1–116**

### REVIEWS OF TOPICAL PROBLEMS

**Theory of gauge-invariant response of superconductors  
to an external electromagnetic field** 1  
P I Arseev, S O Loiko, N K Fedorov

**Blinking fluorescence of single molecules  
and semiconductor nanocrystals** 19  
I S Osad'ko

### PHYSICS OF OUR DAYS

**Binary and recycled pulsars: 30 years after observational discovery** 53  
G S Bisnovatyi-Kogan

**Giant nonlinearities in structurally inhomogeneous media  
and the fundamentals of nonlinear acoustic diagnostic techniques** 69  
O V Rudenko

### CONFERENCES AND SYMPOSIA

**Joint scientific session of the Physical Sciences Division  
of the Russian Academy of Sciences  
and the Joint Physical Society of the Russian Federation  
“Nonlinear acoustic diagnostics” (28 September 2005):** 89

**‘Nonclassical’ manifestations of microstructure-induced nonlinearities:  
new prospects for acoustic diagnostics** 89  
V Yu Zaitsev, V E Nazarov, V I Talanov

*Continued overleaf*

*Contents continued*

<b>Nonlinear acoustic diagnostics of the ocean and rock</b> I B Esipov, S A Rybak, A N Serebryanyi	94
<b>Parametrically phase-conjugate waves: applications in nonlinear acoustic imaging and diagnostics</b> V L Preobrazhenskii	98
LETTERS TO THE EDITORS	
<b>On the relation between tensor and scalar perturbation modes in Friedmann cosmology</b> V N Lukash	103
PERSONALIA	
<b>Vladimir Evgen'evich Fortov (on his sixtieth birthday)</b> Zh I Alferov, A F Andreev, S I Anisimov, A A Boyarchuk, V L Ginzburg, V E Zakharov, V V Kostyuk, G A Mesyats, O N Favorskii, L D Faddeev, K V Frolov, A E Sheindlin	107
BIBLIOGRAPHY	
<b>New books on physics and related sciences</b> E V Zakharova, V I Sanyuk	111
<b>Physics news on the Internet</b> Yu N Eroshenko	115
