### REVIEWS OF TOPICAL PROBLEMS

- |     |                                                                                              |     |
|-----|----------------------------------------------------------------------------------------------|-----|
| 345 | <b>Generalized dynamical mean-field theory in the physics of strongly correlated systems</b> | 325 |
|     | E Z Kuchinskii, I A Nekrasov, M V Sadovskii                                                  |     |
| 379 | <b>Nontrivial features in the hydrodynamics of seawater and other stratified solutions</b>   | 356 |
|     | L Kh Ingel, M V Kalashnik                                                                    |     |

### INSTRUMENTS AND METHODS OF INVESTIGATION

- |     |                                          |     |
|-----|------------------------------------------|-----|
| 407 | <b>Nanomechanical resonators</b>         | 382 |
|     | Ya S Greenberg, Yu A Pashkin, E Il'ichev |     |

### CONFERENCES AND SYMPOSIA

- |     |                                                                                                             |     |
|-----|-------------------------------------------------------------------------------------------------------------|-----|
| 437 | <b>Modern problems in physical sciences</b>                                                                 | 407 |
|     | (Scientific session of the Physical Sciences Division of the Russian Academy of Sciences, 26 October 2011): |     |
| 437 | <b>New effects in graphene with high carrier mobility</b>                                                   | 407 |
|     | S V Morozov                                                                                                 |     |
