

Erratum: Three paths to truth and two ways of describing them [Sov. Phys. Usp. 32, 734-735 (August 1989)]

Ya. A. Smorodinskii
Usp. Fiz. Nauk **159**, 747 (December 1989)

The author wishes to correct a footnote on p. 749 of his original article by inserting a missing phrase. This requires that footnote 7 on p. 735 of the translated article be amended by insertion following the words "London, 1966)" and preceding the word "which" the passage: "[Russ. transl. Nauka, M., 1985], and also the more recent book: M. Jammer, The Philosophy of Quantum Mechanics, Wiley, N. Y., 1974,". The Note by Editor of Sov. Phys. Usp. should then be deleted.
