## Contents

### REVIEWS OF TOPICAL PROBLEMS

- |   |     |
|---|-----|
| <b><math>\Delta</math> isobar in nuclei (review of experimental data)</b> | 803 |
| K N Mukhin, O O Patarakin   |     |
| <b>Charged dislocations in semiconductor crystals</b>                     | 845 |
| V B Shikin, Yu V Shikina  |     |
| <b>Interatomic potentials of interactions in radiation physics</b>        | 877 |
| G V Dedkov  |     |

### METHODOLOGICAL NOTES

- |   |     |
|---|-----|
| <b>Coulomb disintegration of weak electron fluxes and the photocounts</b> | 911 |
| V P Bykov, A V Gerasimov, V O Turin                                       |     |
| <b>Classical and quantum irreversibility</b>                              | 923 |
| B B Kadomtsev   |     |
| <b>Physics news on the Internet</b>                                       | 931 |

### PERSONALIA
